

The Japan Society of Vacuum and Surface Science, Public Interest Incorporated Association
JVSS International Fellowship Regulations Implementation Guidelines

Approved by the Executive Board on February 2, 2019

(Documents necessary for nomination)

- Article 1** Achieved titles, a detailed description of the achievement (reason for nomination), the curriculum vitae, and a list of the candidate's achievements must be filled out in the form separately defined. The nominators can also submit other documents that may be useful for selection.
2. Supporting letters written by three nominators defined in Section 2 of Article 7 of International Fellowship Regulations must be appended. The supporting letter can be in arbitrary format.

(Selection committee)

- Article 2** The Award Selection Committee shall review and preselect the JVSS International Fellowship candidates. The Award Selection Committee can ask the candidates to submit a necessary number of copies of the reprints of main achievements, if necessary.

(Awarding the certificate of title)

- Article 3** The certificate of the title JVSS Fellow International shall be given to the awardee at an international conference organized by the Japan Society of Vacuum and Surface Science. If the awardee is unable to come to Japan for that particular duration, the certificate will be sent by mail.
